

CO-EXHIBITOR APPLICATION

Please complete the application in full using block capitals, place crosses in the applicable boxes, add your legally binding signature and send the document to Solar Promotion International GmbH by email, fax or post. Please note that we can only process completely filled applications signed by the main exhibitor.

1 Exhibitor Information

a) Main Exhibitor

Company _____

Address _____

Zip Code _____ City/State _____

Country _____

Tel. (main) _____ Fax (main) _____

Website _____ Email (main) _____

Contact Person Ms. Mr. First Name _____ Last Name _____

Email _____

Level and Booth No. (if already known) _____

Exhibitor of Intersolar North America ees North America Special Exhibit Power2Drive North America _____

We hereby apply for paid registration of the following company as co-exhibitor:

b) Co-Exhibitor

Company _____

Address _____

Zip code _____ City/State _____

Country _____

Tel. (main) _____ Fax (main) _____

Website _____ Email (main) _____

Managing Director Ms. Mr. First Name _____ Last Name _____

Email _____

Contact Person Ms. Mr. First Name _____ Last Name _____

Job Title _____

Email _____

Direct Tel. _____ Direct Fax _____

2 The co-exhibitor will exhibit products and services from the following product categories (please mark all that apply):

For publication in the Event Guide up to five categories are included. Additional categories **will be charged at \$50 each**.

You may select categories from the entire range of Intersolar/ees North America.

INTERSOLAR NORTH AMERICA

Photovoltaics

Solar cells and modules

- Solar cells
- Crystalline modules
- Thin-film modules

Balance of systems

- Inverters
- PV monitoring, measuring and control technologies
- Building integrated solutions (BIPV)
- Stand-alone systems, off-grid systems
- Small solar devices
- ICT, PV software

- PV components (cables, connectors, junction boxes, etc.)

- Mounting systems, installation aids

- Tracking systems

Production technologies

- Automation technology
- Monitoring and measuring technology
- Materials and components
- Manufacturing Equipment for ingots, wafers, raw material polysilicon, UMG, etc.
- Manufacturing Equipment for solar cells, modules, thin films

Solar heating & cooling technologies

- Collectors, swimming pool absorbers
- Building integrated solutions (Facades, etc.)
- Process heat
- Air conditioning and cooling
- Manufacturing machinery and equipment

Solar power plants

- PV systems for residential buildings
- Roof-mounted PV systems for commercial and industrial applications
- Free-standing PV installations
- Operation and maintenance of solar power installations (O&M)
- Solar thermal power plants
- EPC contracting/project development for solar power plants

EES NORTH AMERICA

Energy storage technologies

- Lithium-based batteries
- Lead-based batteries
- Redox flow batteries
- Other battery technologies
- Recycling/second use
- Fuel cells
- (Ultra)capacitors
- Power-to-gas (hydrogen, electrolysis, methanation, infrastructure, etc.)
- Other energy storage technologies

Energy storage system components and equipment

- Battery management systems
- Power electronics for storage systems
- Battery testing, inspection systems, safety
- Cooling/temperature management
- Battery chargers

Battery production technologies/machine and plant construction

- Materials
- Battery cell production
- Battery module production and system installation/assembly
- Integration/automation technology

Special Exhibit

- Power2Drive

Energy storage systems

- Stationary applications for residential buildings
- Stationary commercial and industrial applications
- Stationary applications for utilities and grid operators
- Low-capacity mobile applications (smartphones, laptops, tablets, etc.)
- Uninterruptible power supply systems (UPS)
- EPC contracting/project development for energy storage systems
- ICT, software for energy storage systems

OVERARCHING PRODUCT CATEGORIES

Grid infrastructure and solutions for the integration of renewable energies

- Plant management of medium and low-voltage grids (troubleshooting, maintenance)
- Transformers, substations, secondary substations
- Metering services, operation of metering points
- Electricity trading and marketing
- Grid system services (frequency stability/provision of balancing power, voltage stability, grid congestion management)
- Load management, demand response
- Virtual power plants/combined power plants
- Weather forecasts and performance/yield forecasts for renewable power plants
- Products and services for smart grids
- Products and services for microgrids
- Other

Energy services

- Energy contracting
- Demand response management
- Energy procurement and contract management
- Auditing and compliance

Other

- Engineering and design
- Consulting
- Research and development
- Test institutes
- Certification
- State initiatives and public authorities
- Trade media, publishing
- Education and further training, training courses
- Financial services, subsidies
- Associations/societies
- Other renewable energies (Hydro etc.)

3 Please note the following information

- The assignment of exhibitor space to a third party, either in part or as a whole, must be approved by the organizers.
- After approval by the organizers of subleased space to a co-exhibitor, a co-exhibiting fee of \$250 will be applied to the invoice of the main exhibitor subleasing the space.
- Services for the co-exhibitor must be booked by and will be charged to the main exhibitor. The main exhibitor is responsible to provide appropriate information about their co-exhibitor(s) within an appropriate timeframe with respect to the services available to be booked.
- Every co-exhibitor will be listed in the official Intersolar/ees North America Event Guide, as well as in the online Exhibitor Index, as an independent company entry, without exception, provided the application is submitted before all appropriate deadlines.
- The main exhibitor shall ensure that all third parties permitted to use, either entirely or partially, the subleased exhibition space, fully comply with the obligations

stipulated in the main exhibitor contract. In particular, the main exhibitor shall inform any co-exhibitors of the conditions of participation and technical guidelines and shall ensure that the co-exhibitors are committed to respecting these conditions and guidelines.

- By participating in the exhibition, the co-exhibitor agrees to photos of its exhibition booth or its exhibits being taken by the organizer or taken on the instructions of the organizer, including the brands and other corporate marks displayed and for the same to be used by Intersolar North America or ees North America in its promotional and public relations activities. The organizers of Intersolar North America or ees North America (FMMI and Solar Promotion International GmbH) shall be entitled – each individually – to use the name and the company logo of the exhibitor in connection with exhibitor and visitor advertising for Intersolar North America or ees North America in whatever form (brochures, Event Guide, advertisements, posters, internet etc.). The co-exhibitor shall provide a file in electronic form with the company lettering and logo for this purpose.

4 Please sign and return to:

Fax: +1 603 925 0312 (U.S.)

Fax: +49 7231 58598-28 (Non-U.S.)

Contracting party and organizers

Party contracting with the exhibitor for the purpose of the exhibition space rental: Freiburg Management and Marketing International GmbH. The organizers are entitled to transfer all the rights and obligations arising from this application to one or more third parties specified by the organizers. On sending this application, the exhibitor expressly accepts the stipulations/terms and conditions. Only applications which have been completed in full and signed by hand can be processed.

Place, date

Company seal of the exhibitor, legally binding signature on behalf of the **main exhibitor**

Name/position of the undersigned at the exhibiting company in block capitals

Important: If this application is being completed electronically, it must be digitally signed. If your computer does not support this feature, please print the application, sign it and send it in via fax or email. No space will be assigned without a signed application.
